My upgrade to Angular 6

```
npm i @angular/animations
```
не делал, т.к. пакет стоит по умолчанию

🔺 https://material.angular.io/guide/getting-started

🐙 https://github.com/DethAriel/ng-recaptcha#installation

```
npm install rxjs@6 rxjs-compat@6 --save
```

node_modules/rxjs/Observable.d.ts(1,15): error TS2307: Cannot find module '**rxjs-compat**/Observable'.
src/dwfe/modules/authtion/services/authtion-exchange.service.ts(5,28): error TS2307: Cannot find module 'rxjs/add/operator'.
src/dwfe/modules/authtion/services/authtion-exchange.service.ts(217,60): error TS2339: Property 'retry' does not exist on type 'Observable<Object>'.
